

# Designing Your Legacy

*pass on your values,  
not just your valuables*

## Designing your legacy allows you to ...

- **pass on your values.** Preparing for the future reflects good stewardship and protects the things that mean the most to you.
- **save yourself and your beneficiaries time and money.** Establishing a living trust lowers your estate taxes and eliminates probate. On average, this saves your loved ones 12 to 14 months and \$30,000 in probate, alone.
- **have peace of mind.** In your legacy plan, you can ensure your desires on medical decisions, guardianship of your minor children, and distribution of your valuables will be fulfilled. Your instructions are legally binding and guaranteed to be followed.

These are just a few of the benefits of establishing your legacy plan. It typically costs between \$1,100 and \$1,800 for an attorney to prepare a Living Trust, Last Will and Testament, and Power of Attorney.

But through our partner, Financial Planning Ministry, your legacy plan can be prepared for you to free of charge. They simply request a donation to any one of their sponsored organizations, one of which is Central Christian Church. This donation comes out of your estate at the time of your death. To start planning your legacy, register below for our free seminar and childcare. The next one happens:

Saturday, October 7, 10:00 am to 12:00 pm  
Henderson Campus
